

## Protein Kinase C substrate, Synthetic Peptide

<b>Catalog No.</b>	CSI13616	<b>Quantity:</b>	1 mg
<b>Description:</b>	The synthetic peptide QKRPSQRSKYL can be used as a substrate for Protein Kinase C (PKC) in in vitro kinase assays. It is phosphorylated by PKC with a Km of 7 $\mu$ m.		
<b>Formulation:</b>	Lyophilized.		
<b>Purity:</b>	85 - 90% by HPLC		
<b>Amino Acid Sequence:</b>	QKRPSQRSKYL		
<b>Reconstitution:</b>	Reconstitute in sterile distilled water.		
<b>Storage &amp; Stability:</b>	Store desiccated at -20°C to -80°C for up to 1 year.		

**NOT FOR HUMAN USE. FOR RESEARCH ONLY. NOT FOR DIAGNOSTIC OR THERAPEUTIC USE.**
